

Vorlesungs-Nr.: 20247 (HS)/21662 (FS)

Thursday Seminars in Neurobiology/ Basel Seminars in Neuroscience

Thursdays; 16.15-17.45, Sept.08 – April 09

Organizers:

S. Arber, B. Bettler, **P. Caroni**, A. Eckert, L. Kappos, A. Merlo, A. Papassotiropoulos, M. Tolnay

- | | | |
|----------|---|-------------------------|
| 18.09.08 | Speaker: Luca Scorrano, M.D., Ph.D., University of Geneva
<i>Title: Keeping mitochondria in shape: a matter of life and death</i>
Host: Markus Tolnay, Pathology | Biozentrum,
Raum 103 |
| 25.09.08 | Speaker: Paul Franken, Ph.D., Center for Integrative Genomics, University of Lausanne
<i>Title: Molecular correlates of sleep homeostasis in the mouse</i>
Host: Christian Cajochen, UPK | Biozentrum
Raum 103 |
| 02.10.08 | Speaker: Name/Department/Institute or University, City, Country
<i>Title:</i>
Host: | Biozentrum
Raum 103 |
| 09.10.08 | Speaker: May-Britt Moser , Centre for the Biology of Memory, NTNU, Trondheim, Norway
<i>Title: Grid cells and spatial representation in the entorhinal cortex</i>
Host: Pico Caroni, FMI | Biozentrum
Raum 103 |
| 16.10.08 | Speaker: Florian Engert, Harvard Medical School, Cambridge, MA, USA
<i>Title: Visual processing and motor control in the larval zebrafish</i>
Host: Botond Roska, FMI | Biozentrum
Raum 103 |
| 23.10.08 | Speaker: Guillen Fernandez, F.C. Donders Center for Cognitive Neuroimaging, Radboud University Nijmegen, The Netherlands
<i>Title: Equipped to survive: How acute stress affects neural processing</i>
Host: Andreas Papassotiropoulos, Psychology | Biozentrum
Raum 103 |
| 30.10.08 | Speaker: Lukas Sommer, Institute of Anatomy, University of Zurich
<i>Title: Area- and stage-specific regulation of neural stem cell proliferation</i>
Host: Suzana Atanasoski | Biozentrum
Raum 103 |
| 06.11.08 | Speaker: Caspar Grond-Ginsbach/Neurology/University Heidelberg, Germany
<i>Title: Genetic approaches in neurovascular diseases</i>
Host: Philippe Lyrer & Stefan Engelter, USB | Biozentrum
Raum 103 |

Thursday Seminars in Neurobiology/ Basel Seminars in Neuroscience

Thursdays; 16.15-17.45, Sept.08 – April 09

13.11.08	ANNUAL NEUROSCIENCE MEETING Nov.15 – 19, 2008	
20.11.08	ANNUAL NEUROSCIENCE MEETING Nov.15 – 19, 2008	
27.11.08	Speaker: Maria Passafaro, CNR Institute of Neuroscience Milano <i>Title: Oligophrenin-1 regulates synaptic activity dependent shuttling between synapses and nucleus of Rev-erbAalpha</i> Host: B. Bettler	Biozentrum Raum 103
04.12.08	Speaker: Christoph Hock, Division of Psychiatry Research, University of Zurich <i>Title: Antibody Therapy of Alzheimer's Disease</i> Host: Franz Müller-Spahn, UPK	Biozentrum Raum 103
11.12.08	Speaker: Pierre-Marie LLEDO, Paris <i>Title: Neural Stem Cells in the Adult Brain: Where and Why?</i> Host: Peter Scheiffele	Biozentrum Raum 103
18.12.08	Speaker: Adriano Fontana/ University Hospital Zürich <i>Title: Fatigue in autoimmune and infectious diseases: On the role of cytokines and clock genes</i> Host: Ludwig Kappos, Neurology and Clinical Neuroimmunology, USB	Biozentrum Raum 103
25.12.08	CHRISTMAS	
01.01.09	NEW YEAR'S DAY	
08.01.09	Speaker: Dietmar Schmucker, Dana-Farber Cancer Institute - Harvard, Boston, USA <i>Title:</i> Host: Jan Pielage, FMI	Biozentrum Raum 102
15.01.09	Speaker: Paul Bolam, MRC, Anatomical Neuropharmacology Unit, Oxford, UK <i>Title: "Sub-cortical inputs to the basal ganglia: the relationship between glutamatergic and dopaminergic innervation of the striatum"</i> Host: Andreas Lüthi, FMI	Pharmazentrum Hörsaal 1

Thursday Seminars in Neurobiology/ Basel Seminars in Neuroscience

Thursdays; 16.15-17.45, Sept.08 – April 09

- | | | |
|----------|---|------------------------|
| 22.01.09 | Speaker: Oscar Marin , Instituto de Neurociencias, Alicante, Spain
<i>Title:</i> Molecular mechanisms of neuronal migration in the developing cerebral cortex
Host: Silvia Arber , Biozentrum | Biozentrum
Raum 103 |
| 29.01.09 | Speaker: Michel Brecht , Bernstein Center for Computational Neuroscience, Berlin
<i>Title:</i> <i>t.b.a.</i>
Host: Thomas Oertner , FMI | Biozentrum
Raum 103 |
| 05.02.09 | Speaker: Juergen Knoblich , IMP, Vienna
<i>Title:</i> <i>TBA</i>
Host: Heinrich Reichert , Biozentrum | Biozentrum
Raum 102 |
| 12.02.09 | Speaker: Richard Morris
Center for Neuroscience Research, University of Edinburgh'
Scotland
<i>Title:</i> Elements of a neurobiological theory of hippocampal memory processing
Host: Yves Barde , Biozentrum | Biozentrum
Raum 102 |
| 19.02.09 | Speaker: Steven Brown , Chronobiology and Sleep Research Group, Dept. of Pharmacol. & Toxicol., University of Zurich
<i>Title: Looking at Human Daily Behavior – In Culture</i>
Host: Anne Eckert , UPK | Biozentrum
Raum 103 |
| 26.02.09 | Speaker: Alain Prochiantz , Collège de France, Paris
<i>Title:</i> Homeoprotein intercellular transfer, a novel signaling mechanism in CNS development and physiology.
Host: Filippo Rijli , FMI | Biozentrum
Raum 103 |
| 05.03.09 | Speaker: Tamas F. Freund
Institute of Experimental Medicine, Hungarian Academy of Sciences, Budapest, Hungary
<i>Title:</i> <i>TBA</i>
Host: Kaspar Vogt , Biozentrum | Biozentrum
Raum 102 |
| 12.03.09 | Speaker: Angus Silver , University College London, UK
<i>Title:</i> <i>TBA</i>
Host: Rainer Friedrich (FMI) | Biozentrum
Raum 103 |
| 19.03.09 | Speaker: Jan Born , Department of Neuroendocrinology, University of Lübeck, Germany
<i>Title: The memory function of sleep</i>
Host: Andreas Papassotiropoulos , Psychology | Biozentrum
Raum 103 |

Vorlesungs-Nr.: 20247 (HS)/21662 (FS)

Thursday Seminars in Neurobiology/ Basel Seminars in Neuroscience

Thursdays; 16.15-17.45, Sept.08 – April 09

26.03.09	Speaker: Patrick Charnay, Paris Title: Glial cell function in the peripheral nervous system Host: Yves Barde, Biozentrum	Biozentrum Raum 103
02.04.09	Speaker: Gregory Jefferis, Division of Neurobiology, MRC, Cambridge, UK Title: <i>How does smell turn into behaviour?</i> Host: Silvia Arber, FMI	Biozentrum Raum 103
09.04.09	EASTER	
16.04.09	Speaker: Name/Department/Institute or University, City, Country Title: Host	Biozentrum Raum 103
